Linking to the world outside your classroom

SUSTAINABILITY CAN BE USED TO ENGAGE A SCHOOL’S CURRICULUM AND CATER FOR THE LEARNING NEEDS OF A DIVERSE RANGE OF STUDENTS. KIRSTY COSTA, HEAD OF PROFESSIONAL DEVELOPMENT AT COOL AUSTRALIA, EXPLAINS THE MEANING AND IMPLICATIONS OF THE WORD.

Sustainability is a core value of Cool Australia, and is taught across the Australian Curriculum as a cross-curriculum priority. It is also a key element of many of the organisation’s programs and resources for teachers.

Kirsty Costa helps teachers grow in their profession. She inspires hundreds of educators each year by sharing more than 15 years of teaching and training experience. In her courses, workshops, and keynote speeches, Kirsty creates a dynamic space for teachers to be creative and curious. She builds teacher confidence and makes information relevant, helpful, and powerful. Kirsty also has a background in communication and how to talk to people about creating change.

Kirsty was awarded the 2013 Victorian Environmental and Sustainability Educator of the Year award. She was also chosen to be trained by Al Gore as a Climate Reality Leader in 2014.

Sustainability is central to the work of Cool Australia. It is taught across the Australian Curriculum as a cross-curriculum priority. It is also a key element of many of the organisation’s programs and resources for teachers.
