

Dear parent/guardian,

Your child's class is learning about waste and excess packaging. We would like your child to contact a grandparent or another older friend of the family to answer a few questions about how they managed their waste. Your child will ask three questions about how waste was managed. Below is a form that will help your child complete this task.

Thank you for your support.

Here is an example of how to conduct the interview. Remember to always be respectful.

Hi, its (insert name) here. How have you been?

I am doing a project at school about waste. I would like to know how you managed your waste when you were at primary school. Would you mind answering three questions?

Question 1: _____

Answer: _____

Question 2: _____

Answer: _____

Question 3: _____

Answer: _____
