

Nature Detective Mission

Can you find...?

- Evidence of an animal
- Something that is not natural
- 5 different types of plants
- 2 different types of seeds
- 4 different types of flowers
- Somewhere to write your name or draw in the dirt or sand
- Something birds might use to build a nest
- A place that animals might live
- Something dead
- 2 different types of insects
- Something tiny
- 3 different things the same colour
- Something you can make a sound with
- A place where bugs like to live
- Some bark to make a bark rubbing
- A tree that looks like the lines on the palm of your hand or draw your favourite tree
- Make a picture using only things you can find in nature
- 3 different shaped leaves (make a rubbing)
- 5 sticks and sort them shortest to longest
- A rock you could make into a pet
- Something you can build a cubby big enough for you to sit in
