

Take It Home - Lighting Audit

Hi I'm Liv, daughter of Lorne and Theresa Green, Bendigo Bank's family of environmental champions. By now you would know about Bendigo Bank's exciting new Switch to Save program. This program is a great way to save people money, support your school and what I love the most, helping the environment.

Would you like to get involved too? You could start by doing an audit of the lights you and your family use at home. And then when you're done, you could tell your family all about what you've done and why!

Take a walk around your house, going into each room and count the number of lights ON and the number of lights OFF. When you're finished, add up all the lights ON and all the lights OFF at the bottom of the table.

Room	Number of lights ON	Number of lights OFF
Lounge room		
Kitchen		
Dining room		
Bedroom 1		
Bedroom 2		
Bedroom 3		
Study		
Bathroom		
Hallway		
Total		

For more information on how you can help our environment, or to make some suggestions of your own, please go to www.coolaustralia.org
