

# ENTERPRISE SKILLS

## PROBLEM SOLVING

Identify problems, try different solutions and review outcomes.

## COMMUNICATION SKILLS

Effectively getting a message across.

## DIGITAL LITERACY

Manage digital technologies to access and present information and connect with others. Find, use and disseminate information in a digital world.

## TEAMWORK

Recognise, utilise and respond to different points of view. Understand yourself, build rapport, and cooperate and collaborate.

## PRESENTATION SKILLS

Adapt to and carefully consider the requirements of different speaking situations, such as talking to a group, addressing a meeting or briefing a team.

## CRITICAL THINKING

Know your options, make a choice and then evaluate.

## CREATIVITY

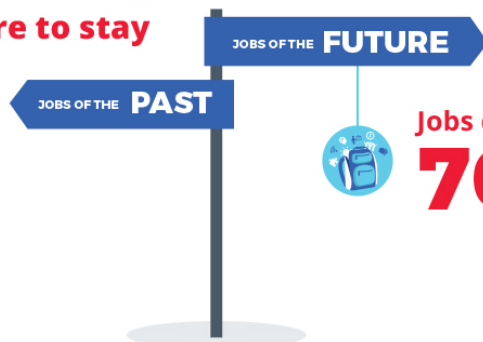

Recognise, generate, develop and apply new ideas.

## FINANCIAL LITERACY

Understand how money works in the world; how people manage to earn or make it, invest it and donate it to help others.

**The trend is here to stay**

Jobs of the future demand enterprise skills  
**70%** more than jobs of the past
