

ANGLE HUNT CHECKLIST

Swap sheets with another group and using their directions find the angles, ticking them off on their sheet as you go.

Classification		Found it?	Correct classification of angle?
Angles	Acute		
	Obtuse		
	Right angle		
	Reflex		
	Revolution		
	Straight line		

ANGLE HUNT CHECKLIST

	Complementary		
	Supplementary		
Angles when two straight lines are crossed by a transversal	Corresponding		
	Alternate		
	Co-interior		

FEEDBACK FOR THE GROUP:

1. Which was easiest to find and why?
2. What could have been added to the directions to make an angle easier to find?
