

IMAGERY TASK CARDS WORKSHEET

Practise using imagery to enhance the impact of your writing by re-writing the following paragraphs to engage the senses by using figurative language.

Step 1. Find a partner

Step 2. With your partner select two task cards and rewrite the paragraphs onto the worksheet, using more figurative language and engaging the senses.

Step 3. Take one of the remaining task cards each and rewrite the paragraph yourself.

Task Card 1 - The Park

Jon loved going to the park. He went on the see-saw first, that was his favourite. Then he went on the slide. Lastly, he played in the sandpit, using water from his bottle to add to the sand so that he could make castles.

Task Card 2 - The Beach

Sara went to the beach with her family. She helped her mum set up the picnic rug and put out some toys for her younger brother. She then went and splashed around in the water with her older sister.

Task Card 1 - The Drive

Sasha was going on holidays. The car ride took a long 2 hours, in which she had nothing to do but listen to music and stare out the window at the sights.

Task Card 1 - The Roller coaster

James had never been on a roller coaster before, he was scared getting on and every twist, turn or sudden movement frightened him more. But for some reason, when he got off, all he wanted to do was ride again.
