NSW CURRICULUM - NESA

GEOGRAPHY

Integrates geographical inquiry skills and geographical tools

Early Stage 1

People live in Places:

- Important places GEe-2

Stage 1

Features of Places:

- Features of places GE1-3
- How places are organised GE1-3

VICTORIAN CURRICULUM - FOUNDATION TO LEVEL 2

GEOGRAPHY

Places and our connection to them:

- Representation of the location of places and their features on maps and models, including a globe, and the location of the major geographical divisions of the world in relation to Australia ([VCGGK063](#))
- Definition of places as parts of the Earth's surface that have been given meaning by people, and how places can be defined at a variety of scales ([VCGGK064](#))
- Natural, managed and constructed features of places, their location and how they change ([VCGGK068](#))
- Reasons why some places are special and some places are important to people and how they can be looked after ([VCGGK069](#))

Note: Depending on the project undertaken, this lesson will also promote **science** outcomes for example -

SCIENCE

Biological sciences:

- Living things have a variety of external features and live in different places where their basic needs, including food, water and shelter, are met ([VCSSU042](#))
